

MSc(BA) CURRICULUM STRUCTURE

Candidates must read a total of ten courses, each carries 6 credits, comprising five core courses (inclusive of one capstone course) and five elective courses. Candidates may choose to concentrate in the Artificial Intelligence (AI) stream or the Management Consulting (MC) stream by fulfilling the required course requirements.

Core Courses (6 credits each):

MSBA7001 Python for Data Analytics
MSBA7002 Business Statistics
MSBA7003 Decision Analytics
MSBA7004 Operations Analytics

Stream Elective Courses (6 credits each):

Students who choose to concentrate in the AI stream are required to take a minimum of one course from elective List A and a minimum of one course from elective List B.

List A (AI Methods)

MSBA7013 Forecasting and Predictive Analytics
MSBA7021 Optimization and Reinforcement Learning
MSBA7027 Machine Learning
MSBA7028 Deep Learning

List B (AI Applications)

MSBA7026 Big Data Analytics on the Cloud
MSBA7032 Quantitative Trading
MSBA7033 Generative Artificial Intelligence
MSBA7035 Applied Large Language Models
MSBA7036 Ethics in Artificial Intelligence

Students who choose to concentrate in the MC stream are required to take a minimum of one course from elective List C and a minimum of one course from elective List D.

List C (Analytical Methods)

MSBA7014 Business Simulation
MSBA7015 Service Operations Management
MSBA7023 Geospatial and Business Analytics
MSBA7024 Database Design and Management
MSBA7025 Digital Experimentation Methods
MSBA7027 Machine Learning
MSBA7029 Storytelling with Data
MSBA7037 A/B Testing in Product Management

List D (Domain Expertise)

MSBA7012 Social Media and Digital Marketing Analytics

MSBA7016 Supply Chain and Logistics Management
MSBA7017 Financial Engineering
MSBA7030 Digital Innovation

Capstone Courses (Choose one, 6 credits each):

MSBA7005 Business Analytics Capstone
PMSC7901 Business Case Analysis Capstone
PMSC7902 Business Case Analysis Capstone (Global Centres)

Candidates who do not choose to concentrate in any of the above streams can take any five elective courses offered during the academic year. A list of electives will be announced at the beginning of each module. Candidates may also take up to two elective courses from the taught postgraduate curricula offered by the Faculty of Business and Economics under the advice and approval of the Programme Directors concerned.

Not all the courses listed in the syllabuses will necessarily be offered each academic year.
